ENVIRONMENTAL POLICY

AMP Technical Services Ltd require employees to represent the business in a way that minimises the impact of its activities on the environment and promotes responsibility for caring for our environment.

This is achieved by:

- Ensuring efficient use of resources by;
 - maximizing energy and making paper savings,
 - turning off unused devices,
 - promoting digital documentation.
- Promoting recycling and reducing waste.
- Purchasing products from, where possible, within 60 miles (100km) to minimise the environmental impact of distribution.
- Complying with relevant environmental legislation and regular evaluation to improve environmental practices.
- Sustainable Travel;
 - use of E-bikes where possible,
 - zoom meetings
 - public transport use where possible.
